# Structure & Governance

The Network is informal, but we have

- Statute
  - Policy Committee
  - Management Committee
  - Academic Committee
  - Network Coordinator – city
  - Secretariat
- 
- Annual Assembly
  - CIVINET Forum
  - Annual policy statement

# Finance

THE CIVITAS INITIATIVE  
IS CO-FINANCED BY  
THE EUROPEAN UNION

European  
**Climate Initiative**  
EUKI

FOND ZA ZAŠTITU OKOLIŠA I  
ENERGETSKU UČINKOVITOST

Švicarsko - hrvatski  
program suradnje

Synergies with  
other projects

In kind contributions:  
host city - venue,  
speakers, study visit, etc.

Financial support from the City  
of Ljubljana, Zagreb and Rijeka

# Main benefits of our Network

Using cooperation on mobility topics as a glue

Introducing SUMP's to the region

Introducing new topics like behavioral change, rural-urban connections, etc.

Helping in finding partners and responding to project calls /Joint project proposals

Study tours, information and best practices exchange

# 10 years of CIVINET Slo-Cro-SEE

17th CIVITAS Forum, Graz - Lidija Pavić-Rogošić received the lifetime achievement award for active contribution to the CIVITAS initiative

## Main topics

- SUMP – from development to monitoring and evaluation
- Cycling
- Public transport
- Clean and energy efficient vehicles, innovations

## #10yearsCIVINETsloCroSEE

In practice, **the CIVINET Slovenia-Croatia-Southeast Europe network has shown numerous cities and municipalities in Slovenia, Croatia, Bosnia and Herzegovina, Serbia, Macedonia and Montenegro what the best European practices bring in the field of sustainable mobility are.** Thanks to the extraordinary cooperation between the cities of Ljubljana and Zagreb, as well as other Slovenian and Croatian cities, **our network has achieved the largest interest community of cities and municipalities in the Western Balkans,** not only in the area of sustainable mobility but also in general.

Vladimir Babić, Ljubljana, first Network coordinator

## #10yearsCIVINETsloCroSEE

CIVINET Slovenia-Croatia-SEE is an excellent channel for disseminating the results of our work, an excellent platform for networking, exchanging knowledge and experience with experts in this field, and a laboratory for testing new ideas and solutions.

Aljaž Plevnik, researcher  
Urban Planning Institute of the Republic of Slovenia

## #10yearsCIVINETsloCroSEE

The CIVINET Slo-Hr-JIE network was an excellent partner, support and inspiration for the city of Koprivnica through numerous activities and projects. For us, **CIVINET represents a community that strives to improve the quality of people's lives, educate and point out the challenges that we all face as local communities**, but at the same time always provide the bigger picture and possible solutions. We are happy to be part of this network, **to find partners or to be someone's partner in a series of projects that we have realized together and about which we dream.** It is nice to have interlocutors and teachers at CIVINET.

Ksenija Ostriž, Deputy Mayor, City of Koprivnica

## #10yearsCIVINETsloCroSEE

The CIVINET network provides a good platform for exchanging experience between cities in the region and raising capacity by organizing various live and online events. **Particularly inspiring are the study visits, which are organized alongside the network's annual assembly and forum, when the host city has the opportunity to present realized projects in the field of sustainable urban mobility.** The city of Kruševac had the opportunity to host the Annual Assembly in 2018 and to present **the SUMP of the city, the first such document in Serbia**, and the CIVINET network was used for the exchange idea in this field.

Jelena Nikolić, dipl.inž.arh

Advisor for sustainable urban mobility and energy efficiency, Kruševac City Administration
